Dear Mr Zahawi,

Thank you for taking the time to respond to the letter I sent to your constituency address in Stratford-upon-Avon.

For information the same letter was sent for your attention direct to parliament.

While grateful for the reply I am somewhat dismayed that having received my letter you have made no mention of the very disturbing content contained within.

May I also bring to your attention the following,

1, I’ve already made contact with NHS England,

england.contactus@nhs.net

I received a telephone call from them and they advised me, as a matter of urgency to make direct contact with you.

They gave me your minister correspondence email address.

2, I also made contact with the Department for health and social care on (020) 7210 4850.

They advised me to make contact with you as a matter of urgency, provided me with your email addresses, advised me to write to you at Parliament and to your constituency in Stratford Upon Avon.

3, I made contact with the yellow card side-effects scheme on 0800 731 6789 and again they advised me

they cannot do anything to stop the rollout of the vaccination that can only come from the government.

4, contact was also made with Public Health England on 0207 654 8000.

The response from them was to contact the Department for Health and Social Care.

As you can see Mr Zahawi all roads lead to you as the member of Parliament with the ultimate responsibility for the vaccination program.

To suggest making contact with any other department or organisation will prove futile.

Therefore yet again, I demand as a matter of urgency an immediate cessation of the vaccine rollout pertaining to the coronavirus.

The yellow card scheme death and serious harm entries are alarming.

Such is the scale of the deaths and injuries it is incumbent upon you as the minister responsible to stop all vaccinations forthwith.

An urgent nationwide address to alert the public, hospitals, care homes, doctors surgeries and all other sites administering the vaccines to stop immediately.

I also need to bring to your attention an open letter from. Dr Tess Lawrie, she too is now calling for an immediate halt to all vaccinations due to the exceedingly high amount of deaths and serious harms being caused.

This is a copy of the open letter.

Dr Tess Lawrie writes to the UK Medicines and Healthcare Products Regulatory Agency after evaluating the Yellow Card data. She recommends an IMMEDIATE HALT to the vaccine program!

...The nature and variety of ADRs reported to the Yellow Card System are consistent with the potential pathologies described in this paper and supported by other recent scientific papers on vaccine-induced harms, which are mediated through the vaccine spike protein

product (2,3). It is now apparent that these products in the blood stream are toxic to humans. AN IMMEDIATE HALT TO THE VACCINATION PROGRAM IS REQUIRED whilst a full and independent safety analysis is undertaken to investigate the full extent of the harms...

...The MHRA now has more than enough evidence on the Yellow Card system to declare the COVID-19 vaccines UNSAFE FOR USE IN HUMANS...

Please spread this everywhere. Send it to journalists, your MP, your children's school, your employer.

As you can see this is now a national emergency. It is now down to only you Mr Zahawi to take the necessary and immediate steps to stop the vaccine rollout in order to prevent anymore deaths and serious harms from occurring.

I’m sure you will agree this is alarming and the scale of the problem is catastrophic to say the least.

Doctors, nurses, hospitals, the yellow card scheme and government departments are all raising the alarm.

This needs your immediate attention and it needs you to suspend and stop the whole vaccination program without delay.

The very thought of this being rolled out to our children in September is sickening. This must never happen considering the damage the vaccines are causing. I'm sure you agree as a family man yourself.

The BBC and Sky news will await contact to be made by you or your office. If this can be done as a matter of urgency Mr Zahawi.

Thank you in anticipation,

Yours faithfully

Mark Sexton

Subject: Urgent cessation of all Covid vaccines.

Dear Mr Zahawi and Covid Vaccs NHS England.

My name is Mark Sexton I am a retired police constable from Birmingham.

I am making contact in order to bring to your urgent attention some very disturbing facts and information that have come to light over the last few days.

On the 31st of May 2021 a report was released on to the Internet from a Dr Bryam Bridle from Canada. In the audio he is expressing some serious and grave concerns surrounding the vaccines for Covid 19.

This is a direct quote from the audio.

“ We screwed up, we didn’t realise the spike protein is a toxin, does this mean everyone vaccinated is manufacturing their own spike protein in their own bodies.”

He goes on to say “ the spike proteins travel to the brain, the heart, the kidneys and the ovaries. This is going to cause serious problems for every vaccinated person.”

On the 30th of May 2021 a Twitter feed was picked up and sent to me the feed is from a Dr Ah Khan Syed.

The feed is talking about a study from Pfizer where serious life changing and life-threatening effects have been brought to light surrounding the vaccine for COVID-19.

The report is alluding to composites from the vaccine settling in the ovaries and other organs.

This fully supports the report by the Canadian doctor, Dr Bryam Bridle.

Serious menstrual irregularities, reproductive dysfunction, heart inflammation and blood clots are occurring. There are reports to suggest there is a 2000% increase in miscarriages.

This information is of huge concern, it is so disturbing I am asking for and demanding all vaccines for COVID-19 are stopped as a matter of urgency in order to protect the public from serious harm and death.

It is also documented that Polysorbate 80 is contained within the vaccines and this is known to cause issues relating to fertility.

Prior to these reports coming out and on Tuesday, the 25th of May I attended the four biggest hospitals in the West Midlands. The Queen Elizabeth, Heartlands, The City and Solihull hospitals.

I was sent a research report from Slovakia suggesting the PCR tests are contaminated with Hydrogel and Lithium. Such was my concern I reported this to the police, they in turn forwarded this on to Special Branch to investigate. I deem this to be a targeted terrorist attack.

I took it upon myself to attend the four hospitals mentioned above, this was in order to make them aware of my concerns re the PCR tests.

Copies of the Slovakia report were given and to allow them the opportunity to withdraw all PCR testing kits.

All PCR kits are made in China.

While I was at all four hospitals it was confirmed to me by doctors, nurses and members of the administration staff they are having a significant increase in patients. The patients are suffering with heart inflammation, blood clots and serious menstrual irregularities.

All of these patients have had both doses of the vaccinations.

It is therefore incumbent upon you as the minister overseeing the vaccination program and the Covid vaccs team for the rollout of these vaccines to order an immediate cessation of the administering of the vaccines.

An investigation must be carried out into these serious allegations coupled with the worrying information relayed to me, in person, from all four hospitals to suggest these two reports are factually correct.

I would also like to add the yellow card scheme is a very disturbing read the deaths from the vaccine are over 1300 and the serious injury and damage being caused is in the hundreds of thousands. The damage these vaccines are causing is now a catastrophe of unimaginable proportions and must be treated as a national emergency.

They must be stopped without delay.

It is of great concern and worry to me and to many others that you are rolling these vaccines out and giving them to our children, this must not happen especially

and considering the reports from the Dr's and the four Birmingham hospitals.

I will await your immediate reply before I go to the National press and media outlets. This is very scary and very damning information surrounding the vaccines.

The two links are attached here, also the report from Slovakia showing the PCR tests are contaminated.
